

ACCREDITED DOCTORAL INTERNSHIP PROGRAMS FOR TRAINING IN HEALTH SERVICE PSYCHOLOGY: 2024

This is the official listing of APA-accredited doctoral internship programs; it reflects all Commission on Accreditation (CoA) decisions made in 2024 through October 19, 2024. The listing of programs accredited in 2024 includes the program's name, program address, date of initial accreditation, current accreditation status, and next site visit year (if a fully accredited program). The next site visit year is not included for accredited, on contingency programs. A program that is accredited, on contingency must provide outcome data for trainees in the program and program graduates by the time two cohorts have completed the program. Program review is governed by the *Standards of Accreditation for Health Service Psychology* (SoA). The standards for evaluating programs can be obtained from the [APA Accreditation website](#).

The CoA accepts third-party comment on programs in advance of their next scheduled review. For details on providing comment, please refer to §4 of the *Accreditation Operating Procedures* (AOP) or by contacting the APA Office of Program Consultation and Accreditation (OPCA) by telephone at (202) 336-5979 or by visiting the [APA Accreditation website](#).

Accreditation is a voluntary process. Programs that have not applied for and received accreditation are not included in the following list. Programs that have applied for initial accreditation but not yet received a decision are listed on the OPCA's [list of programs applying for initial accreditation](#) while programs that have applied for and been noted with the "intent to apply" designation are listed on the OPCA's [list of programs seeking intent to apply status](#). Information about accreditation statuses and designations can be found in the AOP and on the [APA Accreditation website](#).

The accreditation status listed for each program is reflective of its status as of October 19, 2024. If a review of a program is not complete, the program's prior accreditation status continues to be in effect until the review has been completed and a final decision has been reached.¹ Programs listed as accredited and accredited, on contingency have been judged by the CoA to be consistent substantively and procedurally with the SoA. Programs listed as "accredited – inactive" have been given this status as the programs are not admitting trainees during the listed year. Programs listed as "accredited, on probation" are, in the CoA's judgment, not currently consistent with all aspects of the SoA.

To obtain more information on the training aims and approaches of specific programs, the reader should contact the programs directly.

¹ Consequences of the COVID-19 pandemic led to delays for site visits to some programs.
