⁴ Whenever it is deemed appropriate, the CoA may defer making a decision about a program in order to obtain more information due to a lack of information or specific concerns about the information provided. The CoA will notify the program in writing and specify what additional information is needed and/or what concerns need to be addressed in order to determine the program's consistency with the SoA.

⁵ Internship programs granted Accredited on Contingency status are due to apply for full accreditation within a two-year time frame if the program is full-time (four years if a half-time program). See IR C-26 I.
